The perennial enthusiasm for the circus, young and old alike, has made it a tradition . . . something essentially part of our way of life.

City Hydro enjoys a similar position in the life of the community. The exceptionally low rates and multiple benefits introduced by this utility have so raised the standard of living and encouraged industrial enterprise that City Hydro has become an essential city service enjoyed by young and old alike.

## Our Shriner's Hospitals for Crippled Children

Nearly half a million Shriners of North America are making possible one of the greatest services to humanity the world has ever known. They are giving a normal chance to thousands of helpless crippled children.

There are 18 Shrine Hospitals, two of them in Canada and we are proud to have one situated in Winnipeg. These hospitals cost over *one million dollars* a year to operate. All beds are filled and there is always a long waiting list.

There is no discrimination with regard to color, race or creed. They must be under fourteen years of age, and their parents must be unable to pay for orthopedic treatment. The Child is accepted and treated absolutely without charge of any nature.

The Ladies' Auxiliary of the Shrine takes care of and supplies all clothing and requirements of the children as they are admitted and released.

Your contribution and support assures the perpetuation of the greatest philanthropy in the world, at a time when the world so badly needs it.

will be just the same tomorrow as they are today,  
but a little easier to take perhaps because of the enjoyment  
that the Shrine Circus will give.

Here they are:

Buses cost 61% more in Winnipeg than they do in Minneapolis.

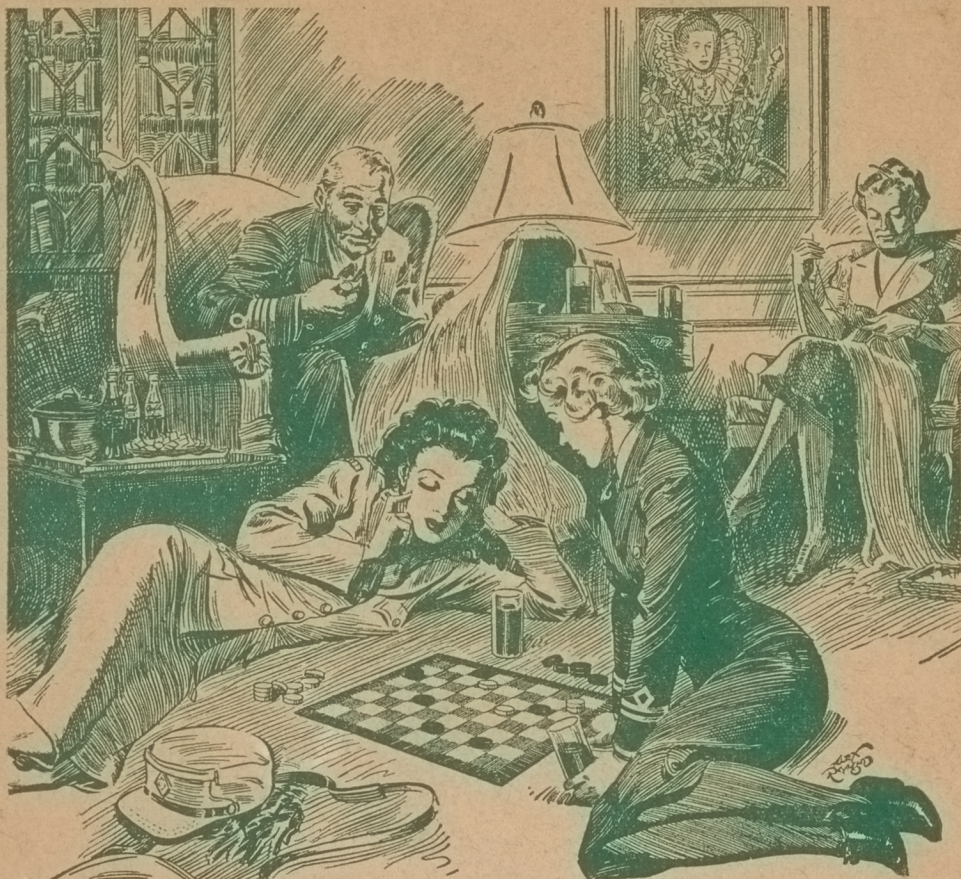

Gasoline costs 73% more in Winnipeg than in Minneapolis.

So with depreciation and interest added,  
these three items alone make the operation of buses cost 58% more  
in Winnipeg than it does in Minneapolis.

# Have a "Coke"=Thumbs up

~~~~~

Among the British you hear a friendly greeting when the going is rough. It's *Thumbs up*. The Canadians have introduced another just as cordial: *Have a "Coke."* It means *Let's be friends* to both CWAC and WREN. From Winnipeg to the Seven Seas, Coca-Cola stands for the pause that refreshes — is the gracious introduction between kindly-minded folks.

~~~~~

**Coke="Coca-Cola"**  
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".
